

Dr. N.D.Desai Faculty of Medical Science and research

(Dharmsinh Desai University)

**FIRST MBBS TIME-TABLE**

| Timing  | Monday  | Tuesday                         | Wednesday  | Thursday                  | Friday   | Saturday                                      |
|---|---|---------------------------------|--|---------------------------|--|---|
| 09:00 to 10:00                                | Biochemistry  | Anatomy –gross Lecture          | Physiology   | Anatomy – Gross Lecture   | Biochemistry   | Anatomy – Gross Lecture                       |
| 10:00 to 11:00                                | Physiology  | Anatomy -Histo Lecture          | Physiology   | Anatomy – Embrayo Lecture | Physiology   | Anatomy – Gross Lecture/ Anatomy – Dissection |
| 11:00 to 12:00                                | Biochemistry  | Anatomy Dissection              | PSM  | Anatomy – Dissection      | Biochemistry   |   |
| 12:00 to 13:00                                | Physiology  |                                 | PSM/AETCOM   |                           | Physiology   | Anatomy- Dissection                           |
| 13:00 to 14:00                                | <b>Lunch Time</b>   |                                 |  |                           |  |   |
| 14:00 to 15:00                                | Viva/tutorial/group discussion/seminar<br>Practical<br>A:Amphibian/mammalian/clinical lab<br>B:Biochemistry<br>C:Hematology lab | Anatomy Demo/Tutorial           | Viva/tutorial/group discussion/seminar (Physiology)<br>Practical<br>A:Amphibian/mammalian/clinical lab<br>B:Biochemistry<br>C:Hematology lab | Anatomy – Demo/Tutorial   | Viva/tutorial/group discussion/seminar (Biochemistry)<br>Practical<br>A:Amphibian/mammalian/clinical lab<br>B:Biochemistry<br>C:Hematology lab |   |
| 15:00 to 16:00                                |   | Anatomy – Dissection /Histology |  | Anatomy – Dissection      |  |   |
| 16:00 to 17:00                                |   | Practical Batch -A              |  |                           |  |   |
| <b>Practical Cycle and Batch Distribution</b> |   |                                 |  |                           |  |   |
| Days  | Batch - A   |                                 | Batch – B  |                           | Batch – C  |   |
| Day 1   | Physiology (Experimental/Clinical/Amphibian)  |                                 | Biochemistry   |                           | Physiology (Hematology)  |   |
| Day 2   | Biochemistry  |                                 | Physiology (Hematology)  |                           | Physiology (Experimental/Clinical /Amphibian)  |   |
| Day 3   | Physiology (Hematology)   |                                 | Physiology (Experimental/Clinical/Amphibian)   |                           | Biochemistry   |   |
| Batch – A                                     |   |                                 | Batch – B  |                           | Batch – C  |   |
| Roll No :- 1 to 50                            |   |                                 | Roll No :- 51 to 100   |                           | Roll No :- 101 to 150  |   |
